Education: **Santa Clara University** - Santa Clara, CA
Bachelor of Science, Computer Engineering

Sept. 2001 - June 2005

Certifications: **Coursera**

- Big Data Analysis with Scala and Spark (**Sept. 2017**)
- Parallel, Concurrent, and Distributed Programming in Java Specialization (**Sept. 2017**)

Experience: **Independent – Full Stack Web Developer – Layton, UT**

May 2014 – Present

- Iteratively designing, developing, and deploying open-source software using JavaScript, React, Ruby, Rails, and Cloud services.
- Leveraging version control, automated testing, continuous integration, and scripted deployments to ensure project quality.
- Continually learning and applying new tools, techniques, and services.

Skills (years): React (4), JavaScript (4), Ruby (4), Git (3), ES6 (2), Rails (2), NodeJS (1)

BrightBytes – Full Stack Engineer – Salt Lake City, UT

Dec. 2018 – Mar. 2019

- Developed front-end components using React, Redux, Enzyme, and Chai.
- Coded and integrated GraphQL resources written in Elixir and Phoenix.
- Participated in system deployment rotation utilizing Git, CircleCI, and node/shell scripts.
- Mentored junior developers through pair-programming, code reviews, and regular feedback.
- Contributed to sprint planning, task estimation and prioritization, and retrospectives.
- Effectively collaborated as a remote member of a globally distributed Agile team.

Apple – Senior IS&T Engineer – Cupertino, CA

Oct. 2005 – Oct. 2011

- Led 3-person team in the implementation and testing of Finance process automation.
- Developed and supported Mobile-to-SAP integrations, B2B integrations, SOAP web services, and automated document error correction workflows to streamline P2P processes.
- Served as sole analyst and developer for StreamServe. Trained 12 person team on maintenance, enhancement, and deployment processes.
- Collaborated across diverse teams to deploy scalable solutions on tight timelines.

Volunteer – Caregiver – Layton, UT

Feb. 2012 – Present

- Provided living assistance for two grandparents, surrounding six significant surgeries.
- Aided in communication with health care providers to comprehend diagnosis, treatment options, and recovery plans.
- Provided transportation, at-home mobilization assistance, home care/maintenance, and companionship. Assisted in all areas as needed.
